20<sup>th</sup> December 2012

## **PUBLIC NOTICE**

At the meeting held on 19th December 2012 the Parish Council resolved to explore how, as Trustee for the Village Hall Charity, it manages the day to day business of the charity and how it will communicate with users and other stakeholders. There continues to be a desire to provide a high quality facility that reflects the needs of the community. Initially the Parish Council will be looking to reintroduce specific meetings for hirers to provide a dedicated channel for them to express views and concerns about issues such as repairs, renewals and development. It will then explore how it can consult with the wider community to ensure that any changes reflect changes in usage requirements.

Yours sincerely

*CM Orme*
